

Identifying Skills is Essential for a Successful Career: Dr. Tanu Jain

A special seminar was organized at Mangalayatan University, featuring Dr. Tanu Jain, former Ministry of Defence officer and founder of Tathastu Academy, as the chief guest. Addressing students and academicians, she shared practical insights and success mantras for personal and professional growth.

In her address, Dr. Jain emphasized aspects of personality development that are often overlooked in conventional education. She stated that in today's competitive world, it is essential for students to identify and refine their innate talents and skills. She observed that while everyone wants to express their opinions, few are willing to listen. Effective communication, she noted, begins with the ability to listen patiently to others.

The program commenced with the ceremonial lighting of the lamp before Goddess Saraswati and an invocation prayer. Chairman Hemant Goyal welcomed the chief guest. Vice-Chancellor Prof. P. K. Dashora reaffirmed the university's commitment to providing quality education in line with the National Education Policy. He emphasized that the university continuously modernizes its laboratories and teaching methodologies to maintain

high educational standards. Registrar Cdr. Manoj K. (Retd.) formally introduced the guests and highlighted the university's strong administrative framework and disciplined environment. DGM Mayank Pratap Singh provided detailed information about the university's modern infrastructure, advanced laboratories, and both online and regular educational systems.

A question-and-answer session was also conducted during the event, where Corporate Vice-President Vikas Joshi addressed participants' queries regarding online education and career

opportunities. The program concluded with a vote of thanks by Prof. Anurag Shakya.

Among those present were Director Chaman Goyal, Joint Registrar Prof. Dinesh Sharma, General Manager (Business) Dinesh Sharma, Admission Director Prof. Saurabh Kumar, Deputy Director (Administration) Gopal Rajput, Dr. Jitendra Yadav, Dr. Poonam Rani, Dr. Bhartendu Chauhan, Tarun Sharma, Yogesh Kaushik, Amit Sharma, Uday, Rahul Dev, Kartik Sharma, and others. The proceedings were conducted by Dr. Deepika Bandil.

Commander Manoj K. Appointed as the New Registrar of MU

The management of Mangalayatan University has appointed Commander Manoj K. (Retired), a distinguished former officer of the Indian Navy, as the university's new Registrar. He formally assumed charge upon arriving at the university campus.

Speaking after taking office, the newly appointed Registrar stated that he would work with dedication, discipline and

responsibility to help the university achieve new milestones. Strengthening quality education, research, innovation and transparent administrative systems will be among his key priorities. He also emphasized continuous efforts toward the holistic development of students and enhancing the institution's reputation at the national level.

University Chairman Hemant Goyal, Vice-Chancellor Prof. P. K. Dashora, and Controller of Examinations Prof. Dinesh Sharma extended their congratulations and best

wishes to him on his appointment.

Commander Manoj K. brings more than two decades of extensive experience in defence services, higher education administration, human resource management, technical operations and institutional development. He served with distinction in the Indian Navy for 23 years, holding key positions where he demonstrated exceptional administrative efficiency, strategic leadership and technical management capabilities.

Academically, he holds an M.Tech in Aeronautics and an MBA in Human Resource Management. In addition, he possesses prestigious professional certifications, including Lean Six Sigma Green Belt and Certified Scrum Master credentials.

In recognition of his outstanding service and achievements, he has received commendation certificates from the Chief of the Naval Staff and the Flag Officer Commanding-in-Chief.

The university administration expressed confidence that his vast experience and leadership skills would contribute significantly to the institution's growth and excellence in the years ahead.

Radio Narad organizes an awareness Rally to Promote Tobacco-Free Society

On the occasion of World No Tobacco Day, the team of Radio Narad, in association with the NSS Unit-3 and the Department of Journalism and Mass Communication of Mangalayatan University, organized an awareness rally at Dharnidhar Teerth Dham, Beswan, to educate people about the harmful effects of tobacco consumption.

The objective of the rally was to foster a positive attitude towards health in society and motivate people to adopt a tobacco-free lifestyle. During the campaign, NSS volunteers and members of the Radio Narad team interacted with devotees undertaking the Braj 84 Kos Parikrama as well as local residents, informing them about serious diseases caused by tobacco use, including cancer, heart disease, and respiratory disorders.

The team engaged directly with the public, encouraging them to quit tobacco and spread awareness among others about its harmful effects. Volunteers also distributed awareness materials to make the campaign more effective.

The rally was conducted under the

guidance of Dr. Poonam Rani (NSS Programme Coordinator), Deepak (NSS Programme Officer) and Prof. Jitendra Singh (Head of the Department of Journalism and Mass Communication). Participants also took a pledge to contribute towards the creation of a tobacco-free society.

Book "Code to Compound" Released at Mangalayatan University

A book titled "Code to Compound: AI-Driven Innovations in Chemistry and Biotechnology," which explores the integration of Artificial Intelligence with Chemistry and Biotechnology, was released by Vice-Chancellor Prof. P.K. Dashora at Mangalayatan University.

The book has been edited by Prof. Dinesh Kumar Sharma of the Department of Chemistry, Dr. Soni Singh of the Department of Biotechnology, and Dr. Love Kumar, Head of the Department of Computer Engineering and Applications. It presents in-depth discussions on innovations in chemistry and biotechnology driven by Artificial Intelligence, Machine Learning, and Computational Science.

Prof. Dashora described the publication as a significant contribution to modern scientific research. He stated that AI-based research is expected to open new avenues and possibilities in the fields of chemistry and biotechnology in the coming years.

The editors explained that the book contains expert research chapters on topics such as Cheminformatics, Bioinformatics, Drug Discovery, Enzyme Engineering, Material Science, and Sustainable

Biotechnology Processes. The publication is expected to serve as a valuable resource for researchers, academicians, and industry professionals. Prof. R. K. Sharma and Prof. Rajesh Upadhyay described the book as an important achievement of the university in the fields of education, research, and technological innovation.

Prof. Shivraj Singh Tyagi Honoured on International Nurses Day

A special programme was organized at RKIMS, Bareilly, on the occasion of International Nurses Day, where Prof.

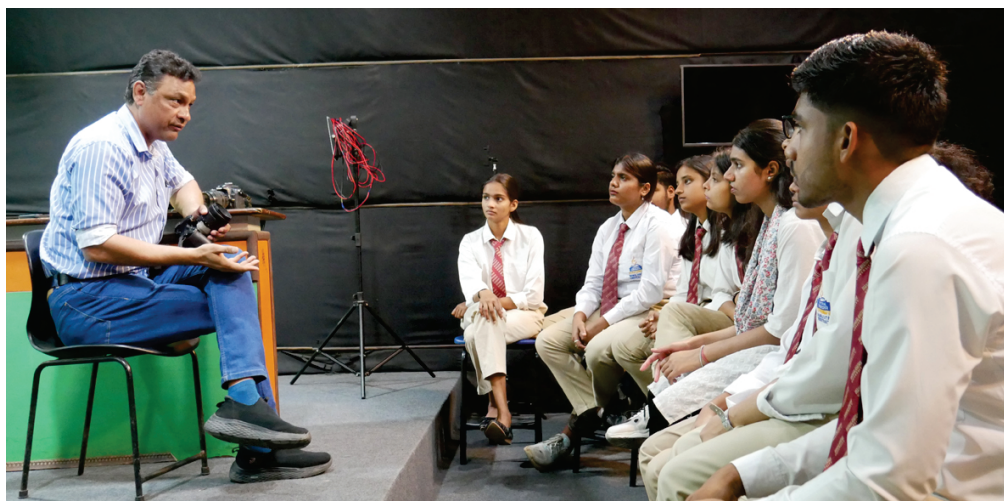

Shivraj Singh Tyagi, Principal of the INPS Department at Mangalayatan University, was honoured as a distinguished guest. During the event, Dr. Tyagi spoke extensively about the life and contributions of Florence Nightingale, popularly known as the "Lady with the Lamp" and the founder of modern nursing. He highlighted her exemplary service, dedication and humanitarian spirit, which elevated the nursing profession

and gave it a distinct identity. Prof. Tyagi also shared his views on the significant role of the nursing profession in achieving the vision of Viksit Bharat 2047 (Developed India 2047). He emphasized that nurses are indispensable in strengthening healthcare services and that, with a blend of technological competence and human compassion, the nursing sector will play a crucial role in the nation's development in the years ahead.

Journalism students learns the skills of Photography

The Department of Journalism and Mass Communication at Mangalayatan University organized a Photography Workshop under the theme "Learn, Create, Communicate." The objective of the workshop was to provide students with practical knowledge and hands-on experience in photography.

The chief resource person, renowned

cinematographer and Assistant Professor at Lovely Professional University, Kranti Anand, introduced students to various aspects of photography, including camera operation, framing, lighting, angle selection, and visual storytelling.

He emphasized that photography is not merely about capturing images but about effectively conveying emotions

and ideas through visuals. During the workshop, students gained exposure to modern photography techniques through interactive sessions, practical demonstrations, and hands-on training.

The workshop also featured detailed discussions on career opportunities in cinematography and visual media. Dean Academic Prof. Ambrish Sharma honored the guest speaker with a memento. Prof. Jitendra Singh, Head of the Department, stated that such workshops play a crucial role in enhancing students' professional skills and practical understanding.

Students actively interacted with the expert and had their queries addressed during the session. The vote of thanks was delivered by Dr. Manisha Upadhyay. The programme was conducted by Mayank Jain. The event was attended by Yogesh Kaushik, Neelkanth Tiwari, Yashika Gupta and others.

Villagers Sensitized Through Anti-Drug Awareness Campaign

As part of its extension activities, the Institute of Business Management and Commerce at Mangalayatan University organized an Anti-Drug Awareness Campaign in Mirzapur village. The initiative aimed to educate rural residents about the harmful effects of substance abuse and encourage the development of a healthy and a drug-free society.

During the campaign, students, under the guidance of Dr. Mohammad Arsalan and Dr. Sujit Mohapatra, conducted door-to-door visits and interacted with villagers. They informed residents about the physical, mental, social and economic consequences of drug addiction.

The students also encouraged

villagers to stay away from addictive substances and spread awareness among their families and communities about the dangers of substance abuse.

On the occasion, Vice-Chancellor Prof. P.K. Dashora, Registrar Brigadier Dr. Sumar Vir Singh (Retd.), Controller of Examinations Prof.

Dinesh Sharma and Dean Prof. Rajeev Sharma appreciated the initiative. They noted that such social outreach programs help develop a sense of social responsibility among students while contributing positively to community welfare.

टीकाकरण दिवस पर किया गया स्वास्थ्य जागरूकता कार्यक्रम

मंगलायतन विश्वविद्यालय के पत्रकारिता एवं जनसंचार विभाग द्वारा संचालित रेडियो नारद की टीम ने गांव मिर्जापुर में टीकाकरण दिवस पर स्वास्थ्य जागरूकता कार्यक्रम किया। ग्रामीण क्षेत्र के लोगों को टीकाकरण के महत्व और उससे मिलने वाले स्वास्थ्य लाभों के प्रति जागरूक किया गया। विभागाध्यक्ष प्रो. जितेंद्र सिंह के मार्गदर्शन में आयोजित कार्यक्रम में आरजे नीलकांत ने ग्रामीणों को टीकाकरण कराने के महत्व के बारे में जानकारी दी।

शिक्षकों के अधिकारों की लड़ाई ही मेरी राजनीति रही : जगवीर किशोर जैन

अलीगढ़ की सियासत और शिक्षा जगत में पूर्व शिक्षक विधायक (एमएलसी) जगवीर किशोर जैन का नाम सम्मान के साथ लिया जाता है। शिक्षक से जनप्रतिनिधि बने जैन ने अपने पूरे सार्वजनिक जीवन में शिक्षकों के अधिकारों और शिक्षा व्यवस्था को मजबूत करने के लिए लगातार संघर्ष किया। प्रस्तुत हैं पत्रकारिता विभाग के छात्रों द्वारा उनसे बातचीत के प्रमुख अंश –

सवाल : आपका बचपन और शिक्षा कैसी रही?

जवाब : मेरा जन्म 19 जून 1940 को सिकंदराराऊ तहसील के कुठिला गांव में हुआ। उस समय गांव में विद्यालय नहीं था। एक पंडित जी से प्रारंभिक शिक्षा प्राप्त की, फिर सिकंदराराऊ से इंटरमीडिएट और अलीगढ़ से स्नातक किया।

सवाल : अध्यापक बनने का सफर कैसा रहा?

जवाब : स्नातक के बाद शिक्षण कार्य शुरू किया। 1956 से 2002 तक बाबूलाल जैन इंटर कॉलेज में प्रधानाचार्य रहा। विद्यार्थियों के सर्वांगीण विकास और विद्यालय की प्रतिष्ठा बढ़ाने के लिए निरंतर कार्य किया।

सवाल : राजनीति में आने की वजह क्या रही?

जवाब : मैं राजनीति में नहीं आया, बल्कि शिक्षकों के अधिकारों की लड़ाई ने मुझे इस राह पर ला खड़ा किया। आपातकाल में शिक्षकों के हितों की आवाज उठाने पर मीसा के तहत जेल भी जाना पड़ा, लेकिन संघर्ष नहीं छोड़ा।

सवाल : एमएलसी बनने का अनुभव कैसा रहा?

जवाब : 1996 में आगरा शिक्षक निर्वाचन क्षेत्र से एमएलसी चुना गया। इसके बाद 2002, 2008 और 2014 में भी शिक्षकों का प्रतिनिधित्व किया। विधान परिषद में शिक्षकों के वेतन, सेवा सुरक्षा और पांचवें वेतन आयोग जैसे मुद्दे मजबूती से उठाए।

सवाल : वर्तमान शिक्षा व्यवस्था को आप कैसे देखते हैं?

जवाब : सरकारी विद्यालयों में शिक्षकों की भारी कमी, संसाधनों का अभाव और नौकरशाही की उदासीनता शिक्षा की गुणवत्ता को प्रभावित कर रही है। पर्याप्त शिक्षक, बेहतर आधारभूत सुविधाएं और संवेदनशील प्रशासन ही शिक्षा व्यवस्था को सुधार सकते हैं।

सवाल : आपका संदेश क्या है?

जवाब : शिक्षा और शिक्षक किसी भी राष्ट्र की सबसे बड़ी ताकत हैं। यदि सरकार शिक्षकों का सम्मान और शिक्षा को प्राथमिकता दे, तो देश का भविष्य स्वतः उज्ज्वल होगा। मैं आज भी बिना किसी पद के शिक्षकों, विद्यार्थियों और समाज के हित में कार्य करता रहूंगा।

साक्षात्कार

थोड़ी सी कच्ची जमीन मेरे पक्के मकान के आंगन में

प्रतिनिधि रचना
सुरजीत शर्मा

कृषि संकाय
मंगलायतन विश्वविद्यालय

थोड़ी सी कच्ची जमीन मेरे पक्के मकान के आंगन में कुछ फूल, मैंने भी यहां वहां उगाये हैं अपने आंगन में इरादा था भाषाएं उनकी पहुँचें हवाओं तक और हवाएं दिशाओं तक

पर कैसा दुर्भाग्य, यहां तो लगा रखे हैं बारूद के फल सोने चांदी के पेड़ों पर

झुलस गयीं हैं, जिनकी विषभरी सांसों से हवाएं भी चिड़ियों ने देश छोड़ दिया है या संसार ?

पर एंठ सी गयी है ये संजीवनियाँ

तड़फ रहीं हैं मछलियां उन जीवनदायनी नदियों में सभ्यताओं ने भी गर्भ माना है जिन्हें अपना

खलबला रही है तृप्त करने वाली भागीरथी नीलकंठ भी तैयार न होंगे धारण करने को उसे आज

बाँझ बनता मिट्टी का मातृत्व,

अंकुरित होने से अब क्यूँ डरता है हर बीज मानो सिकुड़ती जा रही हो चहचहाहट,

स्मृति शेष होती टहनियों पे लगती सभाएं

बस क्या रह गया, जनसंख्या की बढ़ती परछाइयाँ

हर तरफ बढ़ते, गगनचुम्बी अट्टालिकाओं के वन

जब बिक रहा हो जीवन, बंद बोटलों में

और अनुदान नहीं, बस नकद मिलता हो प्राण

स्वच्छता मिशन, या हर नगर के बाहर बनते कचड़े के पहाड़

वातानुकूलन की चाह में, ग्लोबल वार्मिंग का कारण बनता मानव

बच्चों के लिए इस नव युग में, केवल घुटन छोड़कर

जाने की तैयारी में हम

जैसे जल गए हों मौसमों के रंग,

और तुम व्यंग से मुस्करा रहे हो, कि मैं ऊगा रहा हूँ

फूल

इस भयावह हकीकत के बीच

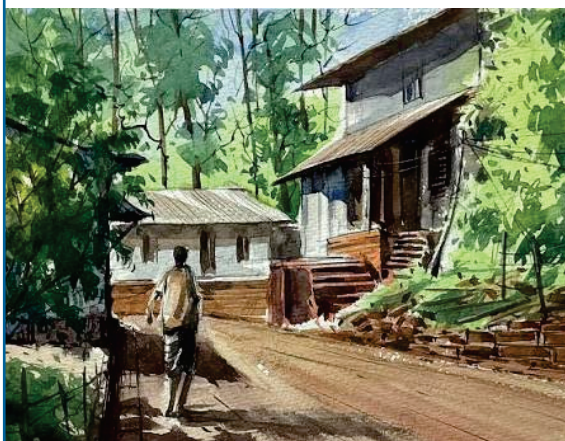

स्वीकार्य समक्ष, मैं अक्षम हूँ

इस आदत के, अपने मन की

जिसने छोड़ रखी है, थोड़ी सी कच्ची जमीन

मेरे पक्के मकान के आंगन में

कुछ फूल मैंने भी यहाँ वहाँ उगाये हैं अपने आँगन में कुछ फूल मैंने भी

आपकी प्रतिभा को मिलेगा नया मंच...

मंगल संपर्क में साहित्य प्रेमियों के लिए एक नई पहल कलमकार कॉलम की शुरुआत की गई है। इस विशेष कॉलम में विश्वविद्यालय के प्राध्यापक, शोधार्थी, कर्मचारी एवं विद्यार्थी अपनी स्वरचित रचनाएँ प्रकाशित करा सकते हैं। यदि आपकी लेखनी में विचारों की गहराई, संवेदनाओं की मिठास और सृजन की शक्ति है, तो कलमकार आपके लिए एक सशक्त मंच है। अपनी मौलिक रचनाएँ निर्धारित समय सीमा के भीतर संपादकीय टीम को प्रेषित करें और अपनी साहित्यिक प्रतिभा को नई पहचान दें।

Mangalayatan University Signs MoU with SSC NASSCOM

In a significant step toward strengthening technical education and industry-oriented skill development, Mangalayatan University has signed a Memorandum of Understanding (MoU) with the IT-ITeS Sector Skills Council of NASSCOM (National Association of Software and Service Companies). The partnership aims to connect students with emerging technologies, digital skilling, industry-based training, and employment-oriented education.

The MoU was signed on behalf of the university by Registrar Commander Manoj K. (Retd.) and on behalf of SSC NASSCOM by Deputy Director Priyanka Bisht. Dean Academic Prof. Ambrish Sharma and Director of the Training and Placement Cell Prof. Kishan Pal Singh were also present on the occasion.

The Registrar stated that under the agreement, students and faculty members of the university will gain access to various courses available on the Future Skills Prime platform, focusing on digital and emerging technologies. Through these programs, students will be able to

develop expertise in areas such as Artificial Intelligence, Data Science, Cybersecurity, Cloud Computing, and other advanced technological domains.

Deputy Director Priyanka Bisht informed that students would also receive employment opportunities through NASSCOM's Talent Connect Portal. The MoU further includes initiatives such as Faculty Development Programs, Industry Connect activities, Career Counseling, Mega Career Fairs, and Industry-Oriented Curriculum Development. The university aims to connect more than one thousand students annually with skill upgradation programs.

Vice-Chancellor Prof. P.K. Dashora emphasized that classroom education alone is no longer sufficient in today's rapidly changing world and that industry-relevant skill development

has become essential. He noted that this partnership with a prestigious organization like NASSCOM would equip students with globally relevant technical competencies and enhance their employment prospects. He further stated that the collaboration would strengthen the bridge between academia and industry.

Controller of Examinations Prof. Dinesh Sharma remarked that the university continuously promotes innovation and industry collaboration to prepare students for future technologies. He added that the MoU would also contribute to national initiatives such as Digital India and Skill India.

Deliberations on the Role of Hindi Journalism in Building a Healthy India

On the occasion of the 200th anniversary of Hindi Journalism, a lecture program on the theme "Contribution of Hindi Journalism in Building a Healthy India" was organized jointly by NSS Unit-I of Mangalayatan University and the Prajapita Brahma Kumaris Ishwariya Vishwa Vidyalaya, Hathras Centre. Delivering the keynote address, MU's

highlighting issues of public interest. Addressing the volunteers, he said that their active participation in such initiatives would contribute to improving living standards and enhancing public awareness.

BK Shanta Behen, Centre In-charge, remarked that achieving a Healthy India requires a balance of physical,

Vice-Chancellor Prof. P.K. Dashora, stated that Hindi journalism is a powerful medium for promoting health, cleanliness and public awareness in society. He emphasized that journalism provides a positive direction to society by

mental and spiritual well-being. She added that the media can play a significant role in spreading positive values throughout society. BK Pooja Didi stressed that social reform begins with self-transformation and the purification of one's mind. She noted that a journalist should uphold three essential principles: truth, completeness, and universality in reporting.

The program was conducted by BK Dinesh Bhai, Media Coordinator. On this occasion, journalists associated with various media organizations also shared their views on how journalism can be used to enhance public awareness and improve people's quality of life. The discussions highlighted the vital role of Hindi journalism in public service and nation-building.

Research Council Deliberates on Research Quality, Patents and Innovation

With the objective of promoting research excellence and providing new momentum to research activities, a meeting of the University Research Council (URC) was held at the Vice-Chancellor's Auditorium of Mangalayatan University. Organized under the aegis of the Research and Development Cell, the meeting was chaired by Vice-Chancellor Prof. P. K. Dashora. Detailed discussions were held on research quality, innovation, and future strategies.

Prof. Dashora emphasized that research forms the backbone of any academic institution. He stressed the importance of strengthening the research culture and prioritizing high-quality research. The council reviewed the progress report of the previous meeting and approved new research proposals for the upcoming academic session.

Among the key agenda items were discussions on several patents and copyrights published or granted to faculty members. Satisfaction was expressed over the progress of

extramural funding projects submitted to various government agencies, as well as seed-money projects funded by the university. The council also deliberated on challenges faced by researchers due to the lack of Scopus-indexed journals in the Hindi language and explored alternative publication criteria.

A report on Ph.D. degrees awarded by the university was presented. The activities of the Institution's Innovation Council (IIC) and the University Innovation and Incubation Centre (UIIC) were also reviewed.

Director of Research Prof. Ashok Purohit presented the agenda, while Registrar Cdr. Manoj K. (Retd.) introduced the guests and expressed gratitude to all council members. The meeting was attended by former DBRAU Vice-Chancellor Prof. Ashok Mittal, Joint Registrar Prof. Dinesh Sharma, Dean Research Prof. Ravikant, Dean Academic Prof. Ambrish Sharma, Prof. Rajeev Sharma, Prof. Rajesh Upadhyay, Prof. Shivraj Singh Tyagi, Prof. Ashok Upadhyay, Dr. Ramkumar Pathak and other distinguished members.

Lecture on the Role of Artificial Intelligence in Physiotherapy on National Technology Day

The Institution's Innovation Council (IIC) of Mangalayatan University organized a lecture on the theme "The Role of Artificial Intelligence in Physiotherapy" on the occasion of National Technology Day. The objective of the programme was to

familiarize students and faculty members with emerging technologies in healthcare services.

The programme began with inspiring addresses by Prof. Ravikant, President of IIC and Prof. Manisha Sharma, Vice-

President. They highlighted the growing importance of technological innovations in healthcare and education, noting that Artificial Intelligence is making future

healthcare systems more efficient and accessible.

The keynote speaker, Dr. Annapurna, provided detailed insights into the application of AI in physiotherapy, including patient monitoring, rehabilitation technologies, and healthcare management. She explained that AI-based technologies are contributing significantly to accurate diagnosis, personalized treatment plans and faster patient recovery. Participants gained valuable knowledge about the future prospects of AI in physiotherapy and healthcare.
