INVITATION

We feel great pleasure to inform you that institution of engineering science department of Agriculture, Mangalayatan University, Aligarh, Uttar Pradesh, India is organizing an International Conference on Agricultural and Environmental Sciences (ICAES-2021) in collaboration with Doctors Krishi Evam BagwaniVikas Sansthan, Lucknow,Uttar Pradesh and Krishi Rakshak Samiti, Budaun, Uttar Pradesh September01-02, 2021. The organizing committee of the conference invites scientists, academicians of National and International levels, professionals, research scholars, NGOs, social and extension workers, students, corporatists, entrepreneurs, farmers, and others who are actively involved in practices and research areas related to agricultural and applied sciences. The main aim of the conference is to provide a common platform for the researches, scientists, technocrats and students from all over the world to share and discuss their latest research finding, development activities in the area of agricultural and all applied sciences which will boost their knowledge and experience in the concerned area.

ABOUT THE INTERNATIONAL CONFERENCE

There is huge pressure of population on limited agriculture resources in the developing countries, all this results in ecological imbalance and a threat to the existence of life on earth. Therefore there is a great need for institutional efforts as well as people's participation to address the conservation of natural resources for food security and the existence of life on earth. International Conference on " Agricultural and Environmental Sciences (AAES-2021)" has been designed to focus on various scientific tracks covering major areas of research on agriculture, biological and Environmental sciences. In this context, emphasis pointed on novel tools and technologies in the field of Agricultural and Allied Science, Social Sciences, Biological, and Physical Sciences. This conference will bring together the global scientific community, policymakers, administrators, industry representatives, and other stakeholders to exchange and share their experiences, new ideas. This conference will offer to discuss the practical problems and challenges and solutions adopted by the respective workers. It will be an opportunity of sharing our expertise and experience with renowned speakers from all over the world. It will also be a platform to strengthen the friendship and collaboration among the scientists, academia, and the institute

ABOUT THE MANGALAYATAN UNIVERSITY, ALIGARH, UTTAR PRADESH, INDIA

To be a leader in education, an institution must be founded on two basic principles: keeping the interest of students as its foremost priority and recognizing that knowledge is ever-growing, omnipresent and requires the opening of minds. At Mangalayatan University, we take pride in these two qualities being at the core of our existence. Mangalayatan (translated as the germinal bed of positive thought) aims to perpetuate a culture of hard work, embracing change and preparing oneself for the fast progressing world with the latest skills and the highest level of social and personal values. Situated 20 km from the Yamuna Expressway in Uttar Pradesh, Mangalayatan University was founded in 2006 and has graduated over 10,000+ students. Nearly 3500+ students from India and abroad are currently studying on campus. Mangalayatan University vision is to give students from all kinds of background, a quality educational experience leading to legitimately rewarding career opportunities.

ABOUT THE DOCTORS KRISHI EVAM BAGWANI VIKAS SANSTHA, LUCKNOW, UTTAR PRADESH, INDIA
